## It's Free to Look: Own a Lot of Books? You're in Luck!

When some listings mention a library, they're really talking about an office with a really huge bookshelf, but when this **Prudential Douglas Elliman offering** talks about a library, they mean a freaking library.

The \$6.2 million, 2,900-square-foot Soho condo features 15-foot ceilings, four bedrooms, three bathrooms and that "huge regal" library, which we really think is downplaying just how huge it is. Oh, and a wood-burning fireplace and a 1,500-square-foot, 360-degree outdoor space we're sure you'll utilize during reading.
